

# HYDRA INTENSITY SERUM

Anti-Dryness  
Moisturizing  
Re-Balancing  
Long Lasting

## Segment

**PROFESSIONAL SKIN CARE:** Serum.  
Code P19, Vol. Flacon 50ml.

## Product structure

Serum is quickly absorbed. There are no parabens.  
The perfume does not contain allergens.

## Product characteristics

**HYDRA INTENSITY SERUM:** Is a specific product for three-phase hydration (Corneous Layer, Vital Epidermis, Dermis). It contains specific active ingredients which complement one another for a synergistic action that:  
Restores the physiological hydro-lipid film on the surface of the skin.  
Enhances the deep moisturizing treatment.  
Contributes to the normalization of sensitive, dry and uncomfortable skin.  
Strengthens the skin barrier against external aggressions.  
Suitable for very dehydrated skin.

## Benefits

- Repairs hydro-lipidic film of the skin.
- Regenerates the skin barrier.
- Restores the NMF level within the skin.
- Sebum-like effect.
- Promotes deep hydration.
- Helps to normalizes dry and sensitive skin.

## Active substances

**HYDRAPROTECTOL-SM:** Rapidly improves superficial hydration and gradually improves moisturization of deeper skin layers. It strengthens the skin barrier.  
**NSLE:** Highly dermo-compatible formula, it helps regenerate the lipid film, and makes the skin more resistant to external aggressions.  
**TRYPEPTIDE:** Enhances hyaluronic acid production and significantly improves hydration of the deeper layers of the skin.
